*Dear Our Beloved Sunshine,*

*We shall long remember the wonderful feeling you gave us when we entered the room where your aquarium sat. Your amazing life gave us memories that we shall never forget. You brought with you joy, sweetness, and, above all love when you came home from the pet store. Out of all the beautiful things that come with life, your love toward us topped it off like a cherry on an ice cream. If we looked through every store in the whole universe, there would be not one fish like you. And now, whenever I look through my window, the sun shines even brighter on where you lay.*

*Yours Truly,*

*Jasmine Hems*
